Add Payment Gateway

Let's see how we can add payment gateways to carry out the transactions on the website.

The screenshot shows a dashboard titled 'Dashboard / Payment Gateway Setup'. On the left is a 'MENU' sidebar with options: Dashboard, Go to Website, Members, Content, Media Manager, Leads, Finance (expanded to show Manage Products, Transaction History, and Payment Gateways), Coupon & Deals, Emails, Toolbox, and Settings. The main content area has a 'View Transactions' button and a section titled 'MY PAYMENT GATEWAYS'. Below this is a table with two columns: 'PAYMENT GATEWAY NAME' and 'ACTION'.

PAYMENT GATEWAY NAME	ACTION
Active stripe	Edit
Inactive Razorpay	Set as active

On the dashboard, click on the “Add Payment Gateway” option.

A new tab will open where you can set up the payment gateway.

MY PAYMENT GATEWAYS

PAYMENT GATEWAY NAME	ACTION
Active 	Edit
Inactive 	Set as active

When you buy a directory theme from Bright Directories, you will get the “Stripe” payment gateway pre-integrated for the website.

You just have to enter the generated Stripe Publishable Key and Secret Key.

Stripe ×

Publishable key:

Secret Key:

Submit

To do this, click the “Edit” button beside the payment gateway.

A dialogue box will appear where you have to provide the necessary keys.

After providing the information, click on “Submit”

Your payment gateway will be added.
