BRIGHT DIRECTORIES

An admin dashboard panel is focused on managing and updating your new website to display all the data and information.

This is your dashboard, where you can customize different elements of your website.

BRIGHT DIRECTORIES

You will get a few quick shortcut tools on the front such as:

→General settings

→Adding payment gateways

→Integrating Google Maps

→Customization of membership plans

→Adding new members to your website

→Managing various posts on the website

→Managing media and Gallery

→Importing members to the database

BRIGHT DIRECTORIES
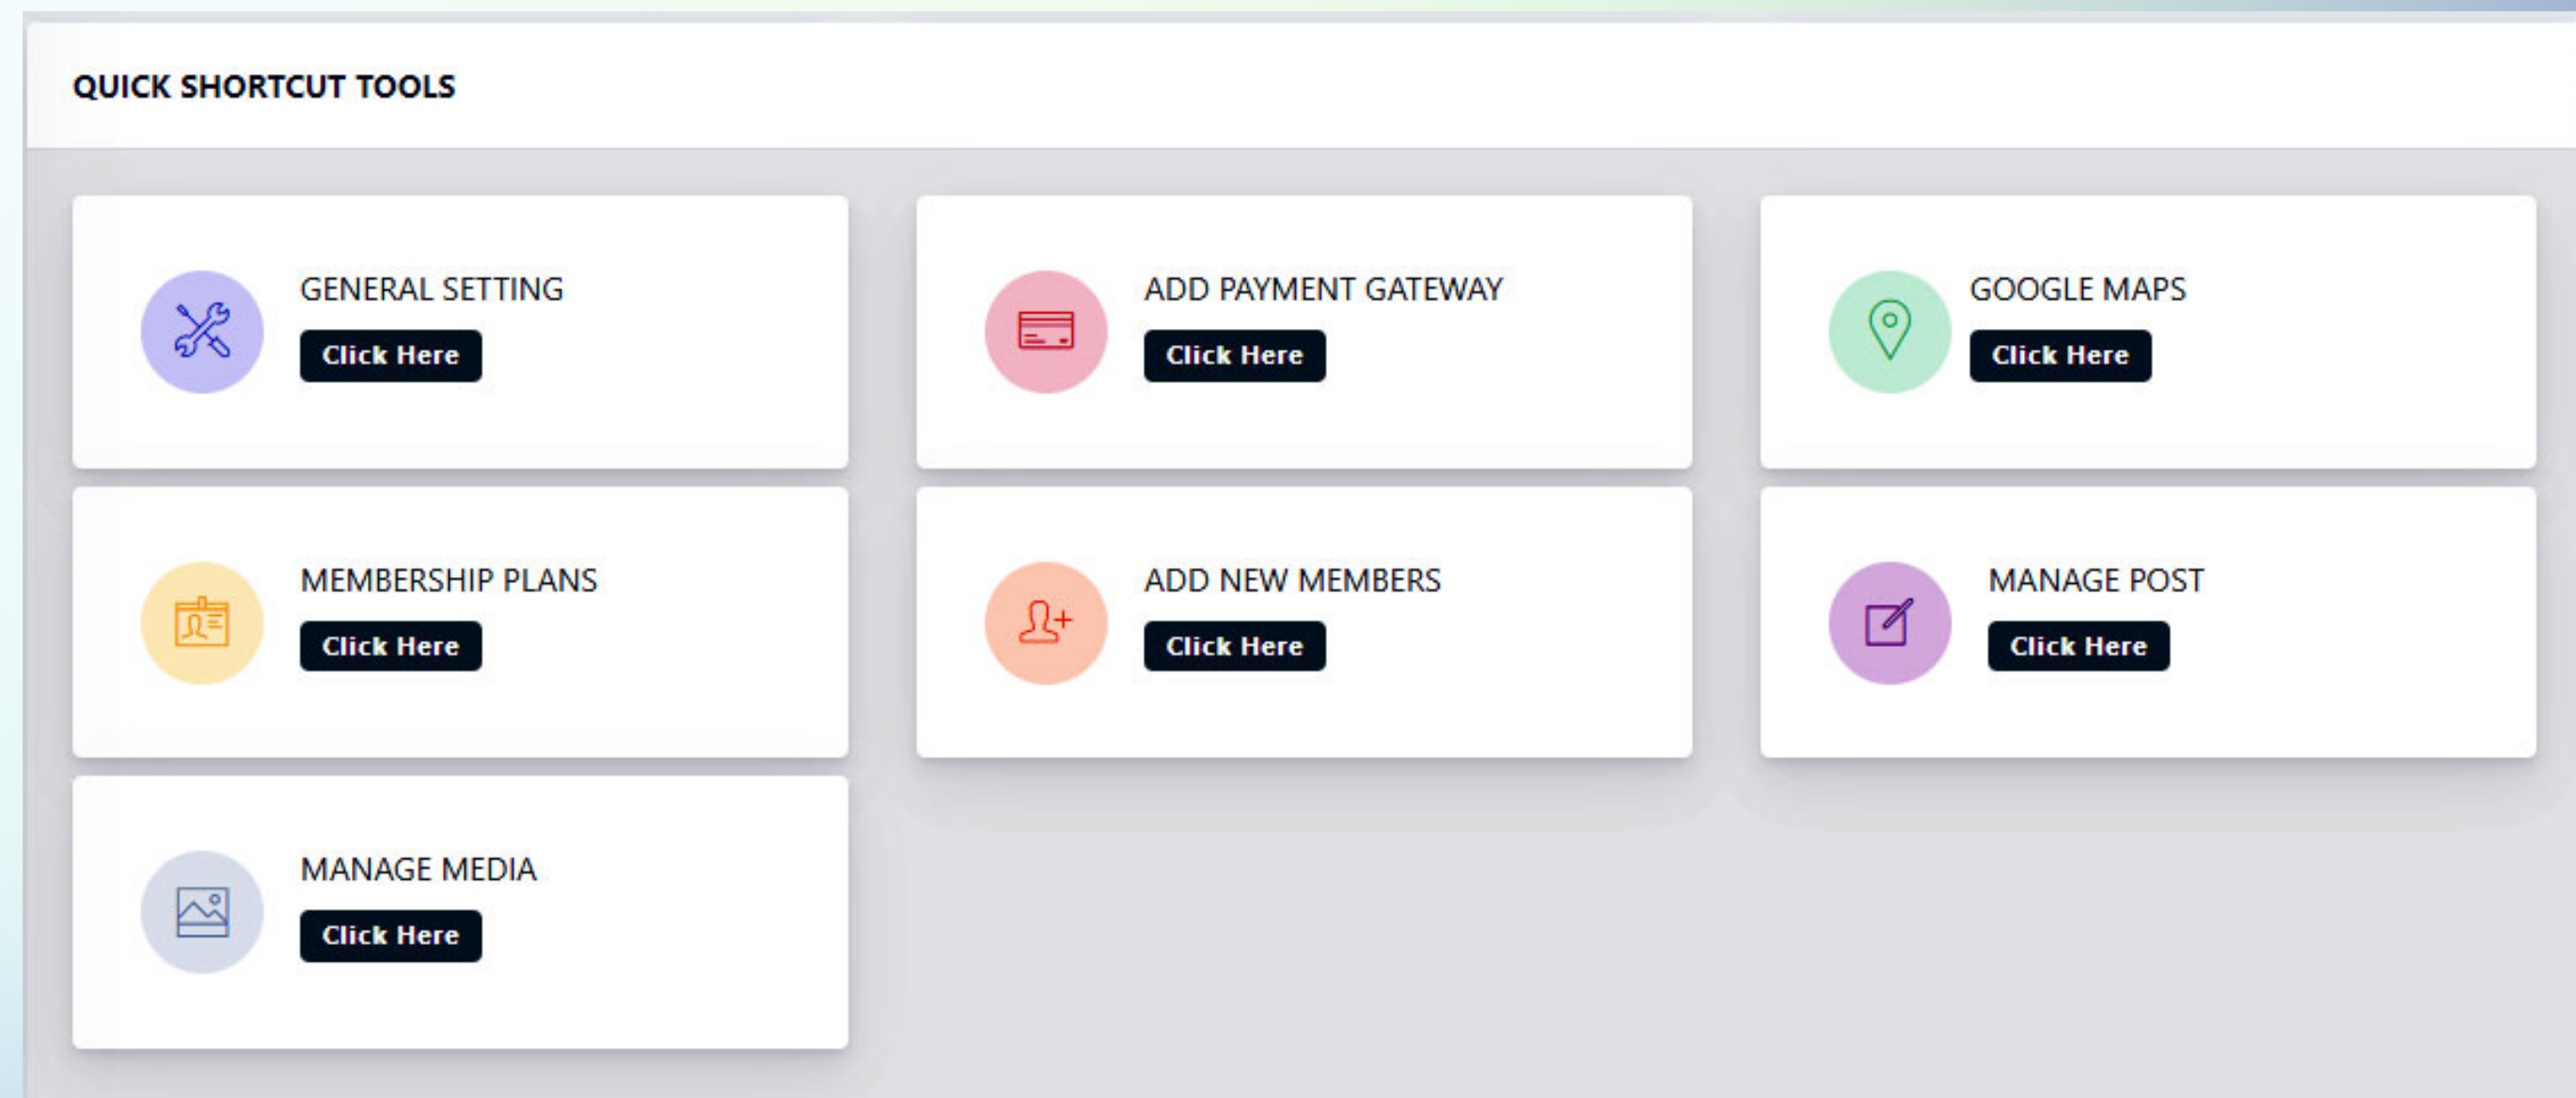

You will also get a list of "Active Users" just below the shortcut tools.

ACTIVE USERS
