TVD-Dollar
UAH-Hryvna
GBP-Pound
USD-Dollar

USD-Dollar

Add your Google Analytics ID

Next, if you want to add your Google Analytics ID, you can paste your GA4 ID into this section.

Google Analytics ID

dvfsdvgsdgvfjk,

The currency that payments are calculated in throughout the website

The location search suggestion has two options - 0 and 1 - select the one you prefer.

Then click on "Save Changes" to update the changes you have made.

Integrations

You can integrate crucial things like Google Maps, your Google Developer Key,
Google ReCaptcha Secret Key, and Google ReCaptcha Site Key here.

→ Enter the "Google Maps API Key" in its respective field to add Google location to the website

→ Enter the "Google Developer Key" to enable social media login through the Google account

→ Enter the "Google ReCaptcha Site Key and Secret Key" to include Google's reCaptcha security
service on the website.

Now the "General Settings" section is complete.
